Kim and Jim – Though the State of Texas has not and does not foresee needing to EPA assistance in response to Harvey, we are preparing in the event they do. We need to know the following:

- <!--[if !supportLists]-->1) <!--[endif]-->Who should we call in the event that we need some assistance from the drinking water program Friday – Sunday?
- <!--[if !supportLists]-->2) <!--[endif]-->If we were to need to send a team of 4 or so people to assist over the weekend, who would you have available? Again, this is not a request to activate anyone, we are just wanting to make sure we have names and contact information prior to Friday when many people may be out of the office.

Please send a reply to all as this team will be the working together to assist Texas as appropriate.

Thanks - Monica
